## Architecture Licensure Exams

# 100% Passing Rate for UC!

Congratulations  
to Our New  
**Architects!**

Arch. Shelah Gregorio-Magno

Arch. Jessie Dasalla Avila

Arch. Allan Rodriguez Bravo

Arch. Clint Billod Camiwet

Arch. Rolando Camangeg Imbag

Arch. Julius Berking Magno

Arch. Chester Jun Lamsis Zambrano

Date of Exams:	<b>January 20, 21 and 22, 2006</b>
Date Released:	<b>February 7, 2006</b>
National Passing Rate:	<b>42.86%</b>
UC Passing Rate	<b>100%</b>

The UC Department of Architecture opened the year with a bang with the recently concluded board exams! Seven out of seven BS Architecture graduates passed the board exams given last January 20 to 22, 2006, adding to the string of victories that the College of Engineering and Architecture has steadily accumulated since it has first set out. Just last October, UC Architecture students also swept the winnings in the John Hay Historical Core Master Development Plan design competition from all of the major awards down to the consolation prizes.

These achievements are clear manifestations of the quality education the students get from UC. In one particular unique learning experience, the architecture students engaged into an exhilarating educational field trip to Ilocos Sur and Ilocos Norte last December 2 and 3 of 2005 where their erudition is strengthened with tangible appreciation of architectural concepts and principles. It has been a policy of the college to encourage students' exposure to several academic and non-academic activities within and outside the UC campus, which include, aside from field trips, competitions, symposia, seminars, and workshops. Just like recently in the National Architecture week, UC architecture student delegates consistently displayed their creative and intellectual competence against their contemporaries in the region.

Clearly, the UC College of Engineering and Architecture is well-equipped with the essentials that yield exemplary performances of its students: specialized instruction, a comprehensive curriculum and meticulously prepared syllabi of instruction -- delivered by highly qualified professors with masteral degrees in architecture and urban planning.

## 8-Time Sepak Takraw Champions UC 2006 BBEAL Champs

The UC Jaguars continue to demonstrate their ferocious fangs as they won the 2006 Baguio-Benguet Educational Athletic League (BBEAL) Sepak Takraw championship eighth in a row.

Ms. Glenna Mendoza, praises her 8 member championship team as initiative-driven, persevering and passionate to their craft. The great 8 are: Christian Acurin and Jethroe Julanio with Christopher Acurin, Jeric Cariño, Rudy Flores, Emil Mark Floresca, Jake Miguel and John Molina. Captains Acurin and Julanio attribute their feat to effective coaching, teamwork, close communication and genuine friendship that has been strengthened through physical and emotional trials. They add that their daily one-and-a-half-hours practices have contributed to their over all physical fitness, which, in turn, reinforced each of them to become more conscious of how they conduct their lives in general.

Participating schools in the BBEAL Sepak Takraw were Baguio Central University, Benguet State University, Philippine Military Academy, Saint Louis University, and University of Baguio. The event was held last February 4, 2006 at the University of the Cordilleras open court.

L-R(top to bottom): Emil Mark Floresca, John Sangway, Rudy Flores, Jake Miguel, Jethroe Julanio, Christian Acurin and Coach, Ms. Glenna Mendoza

## Winners of the recent National Architecture week Nationwide Architecture Week Celebration December 2005

- First Place**  
Professional Practice Quiz - Prince Calangian
- First Place**  
History of Architecture Quiz - Prince Calangian
- First Place**  
Architectural Theory and Planning Quiz - Kate Diso

- Third Place**  
Poster Making: Abril Argano

## Announcement

The Department of CIVIL ENGINEERING of UC will be conducting supplemental review to all of its graduating students starting February 20, 2006, and will go on thereafter every MWF from 4:50 to 7:30pm. Review is also open, free of charge, to all UC-BCF graduates who are planning to take the CE board exams this May or November.
