Sagip Kabataan Program of UC Project HELEN

- A gift to the City of Baguio for its Centennial Celebration, the Sagip Kabataan is a program for out of school youth (OSY) to give them an opportunity to improve their lives with the chance to be employed.
- A Training program that started with a 40 Hour Cell Phone Repair Training and expanded to other technical skills training programs such as Hairdressing and Beauty Care.
- A component of the University's Project HELEN (Health, Education, Livelihood, Environment, Nurturance), an outreach program named after the University's mother Helen Salvosa.
- Program partners: Department of Labor and Employment (DOLE), the Technical Education and Skills Development Authority (TESDA) and the Department of Education (DepED).

Training started on January 11, 2009 with 11 participants coming from barangays Camp Allen, Fairview, Quezon Hill Proper, Camp 8, City Camp Central and Lourdes Subdivision Extension. Participants were organized with the help of Barangay Officials.

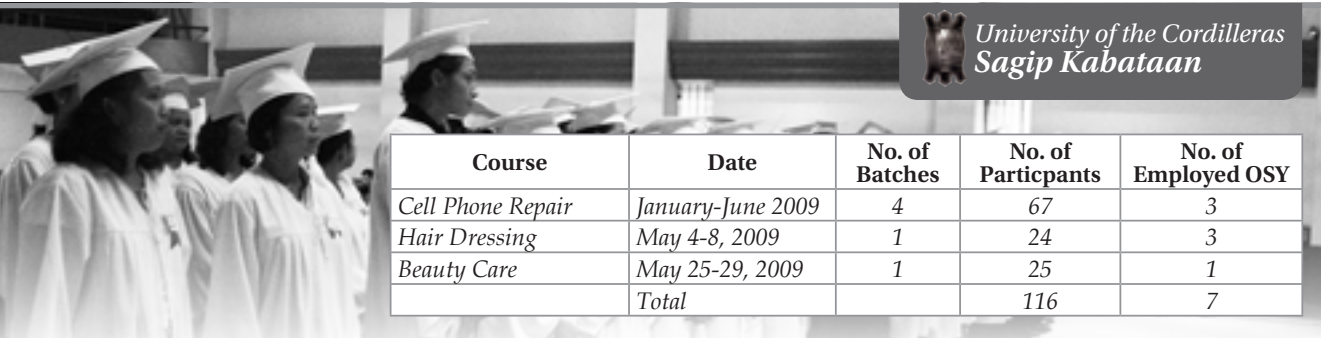

The first batch of graduates from the program held their commencement exercises on July 14, 2009 in celebration also of the birthday of Helen Salvosa. The ceremony was held at the UC theater.

Testimonials

"Malaki rin ang naitulong nito hindi lang sa akin kundi pati rin sa mga gaya kong out of school youth sa pamamagitan ng pag-rerepair ng cellphone. Malaki ang pasasalamat ko sa bumuo at bumubuo ng programang ito. Sana marami pa kayong matulungan..." said Harvey Bolido a graduate of the first batch of Cell phone repair. Harvey is a highschool undergraduate and is the son of a small scale miner.

Ms. Analyn Casillan, was a criminology student but because of her father's death due to illness, she was unable to continue with her degree. With 13 siblings, she had almost given up hope. Luckily, she heard about the project and joined. Analyn is now proud to help out her family with the new skills she has learned. With the money that she will earn, Analyn hopes of going back to school and finishing her degree.

"With this program you helped us to become somebody..." these were the words of George Castillo who was privileged to give the testimonial speech on the graduation ceremonies to represent the whole batch. George was reluctant to join at first, but with the encouragement of his parents, he got into the Hairdressing skills training of the program. He now sees hope and a new found interest with hairdressing as a profession.
