

## New Program Offerings for SY 2012-13

### Bachelor of Science in Real Estate Management

- » Oriented in specific real estate management practices such as: salesmanship, brokerage, appraisal and consultancy, including government assessment and appraisal.

### Bachelor of Science in Forensic Accounting

- » Ushers students into the exciting field of investigating "white collar offenses" such as money laundering, scams, frauds and embezzlements.

### Bachelor of Physical Education

#### Major in School PE

- » Development of skills, values and physical requirements necessary to develop Physical Education teachers, instructors, sports coaches and coordinators.

#### Major in Sports and Wellness Management PE

- » Responds to the increasing consciousness for health and well-being among individuals and organizations. It caters to the urgent clamor for professional sports and wellness trainers, supervisors, managers and coordinators.

### Bachelor of Public Administration

- » Establishes a foundation for future careers in public service either in politics or as career civil servants. A ladderized program that entitles the student to a certificate (Associate in Barangay Governance) at the end of six terms.

# Engaged in the Formation of Professionals
